ELEMENT SYSTEM The company

EVERYTHING FOR STORING, ARRANGING, SETTING ASIDE

Since 1954, the brand ELEMENT SYSTEM has been standing for flexibly usable shelf systems in private living spaces – from the cellar to the attic, and from the garage to the hobby room.

With our product range, we are present in more than 40 countries worldwide and develop all our products at our location and production plant in Rottenacker (Baden-Württemberg).

As the European market leader for shelving and storage systems for the end user, our products stand for "Made in Germany" and outstanding quality.

SAFE AND SUSTAINABLE

Our branded products guarantee a high degree of functionality and stability. We conserve resources through an intelligent application of environmentally friendly painting processes, the recycling of steel waste, our energy management system (DIN EN ISO 50001) and the continuous improvement of business processes.

THERE IS A HANDYMAN IN EVERYONE

Those who opt for ELEMENT SYSTEM are always making the right selection. Our product range is cleverly thought-out, and the items can be assembled quickly and simply by everyone without requiring extensive handcrafting skills.

Create your space.
